

Protect Your Business From Fraud

Validate Accounts. Strengthen Compliance. Gain Confidence.

Validating a supplier's bank account isn't enough. Trust Your Supplier (TYS) provides a **comprehensive fraud prevention solution**, verifying supplier banking details and safeguarding against unauthorized changes before they reach your P2P system.

Banking Validation & Fraud Prevention

- ✓ Validates supplier bank accounts
- ✓ Flags high-risk account changes
- ✓ Reduces fraud before payments

Automated Monitoring & Compliance

- ✓ Revalidates bank changes
- ✓ Alerts you to updates and modifications
- ✓ Reduces manual checks

Centralized Banking & Tax Documents

- ✓ Secure repository
- ✓ Simplifies document management
- ✓ Improved accuracy & compliance management

TYS helps you validate supplier banking details before transactions
— minimizing risk and ensuring financial security.
